# & Agro Products

NHC Foods Ltd boasts of World Class Facilities manufacturing unit spread across 4 acres of land in Southern Gujarat India, to execute its manufacturing process with full adherence to international standards of quality. The plant is centrally located thus making it ideal for smooth flow of raw materials to or from any place in India, and also enabling us great convenience in distribution of the consignment across the globe, in accordance with timely dispatch and service.

The facility is set up in complete moisture and dust free atmosphere, thus ensuring maximum assurance of adherence to Food Safety Management system. The unit being set up in region declared as a special Business park by the Government of India enjoys various benefits and facilities as Manufacturer of Agro products.

With this ultra modern facility & infrastructure based at a centralized location, ensures every stage of manufacturing is monitored with utmost care and attention by the core team of NHC Foods Ltd.

To ensure smooth operation of its Export division, NHC Foods Ltd has set up a 10000 sq ft modern facility at Navi Mumbai (West India). The facility being in close proximity to major shipping ports & The Agricultural produce market committee (APMC), ensures timely receipt & dispatch of its consignments. With the main sourcing market close to this facility, it enables us to ensure Quality fresh products every time, thus delivering high customer satisfaction & generation of maximum business opportunities.

- **INFRASTRUCTURE:** Our plant at Gujarat is a fully integrated facility spread over 4 acres of land in moisture and dust free atmosphere, facilitated with modern amenities readily available and set in a region declared as special business park – Set up at an approximate cost of INR 1300 Mn

- **TECHNOLOGY:** Total integrated and automated processing imported from Buhler, Germany to produce uniform, hygienic and quality products well controlled by computer systems with minimum interference of human touch.

- **CAPACITY:** State of the art technology taking care of mass production of 1 ton/hr for Spices & 2ton/hr for seeds. On a 3 shift basis/280 days annum – 6720 tons of spices & 13440 tons of seeds.

- **QUALITY EVALUATION:** In house laboratory facility to carry out day to day quality evaluation with Highly qualified technical staff to work under clean and safe work environment.

- **ACCREDITATION:**

- BSE LISTED COMPANY
- GOVT RECOGNISED STAR EXPORTHOUSE
- ISO : 22000-2005 (HACCP)
- HALAL CERTIFICATION

- **LOGISTICS:** Central location of plant ideal for smooth flow of raw-material to or from any place in India and convenient to distribute the consignment across the globe, in accordance with timely delivery.

- **RESEARCH & DEVELOPMENT:** Full-fledged department with specialized team to carry out innovation in the food sector.

**“Quality is never an accident; it is always the result of high intention, sincere effort, intelligent direction and skillful execution; it represents the wise choice of many alternatives”**

# Quality & Safety

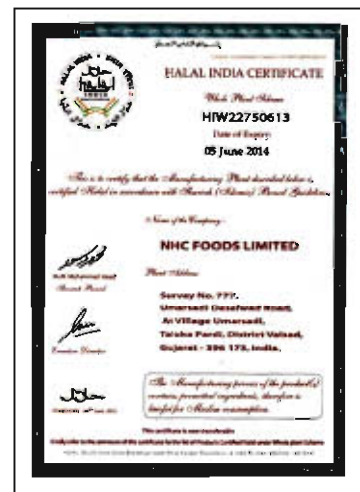

NHC Foods Ltd accredited with ISO 22000:2005 HACCP Food Safety Management System, ensures that all its products are pure, natural & fresh.

The Research & Development team at NHC Foods Ltd keeps abreast with market breakthroughs, and constantly works towards achieving a competitive edge to deliver the best product in the industry to its customer. Apart from a centralized R&D Laboratory housed at its plant, the units are also equipped with state - of - the - art technology & specialized microbiology labs for quality control, testing of physical parameters and maintenance of chemical stability. This system also enables NHC Foods Ltd to comply with the standards specified by any other importing country, thus giving us an opportunity to cater quality product to maximum customers.
